

# 23RD ANNUAL PENN NEUROLOGY BOARD REVIEW 2025

Available Online until December 31, 2026

COURSE DIRECTOR | Laura Stein, MD

CO-COURSE DIRECTOR | Raymond S. Price, MD

A CME-ACCREDITED ACTIVITY

In Conjunction with the Department of Neurology  
Perelman School of Medicine at the University of Pennsylvania

## Program Overview & Target Audience

### Program Overview

The list of course topics and subtopics was adapted from the ABPN's description of the board and recertification examinations. The time allotted for each topic is based upon the approximate distribution of the subject matter as given by the ABPN. Our course will provide an excellent review of board exam and recertification topics primarily through case-based learning and help the learner identify areas that require further study. The learner can then review and prepare further in these areas prior to taking the examination.

### Target Audience

This course is designed for neurology residents, fellows, and practicing neurologists.

### Educational Goal

Upon completion of this activity, participants will be able to prepare for either the American Board of Neurology and Psychiatry (ABPN) Initial Certification Examination in Neurology, the Initial Certification Neurology with Special Qualifications in Child Neurology Examination, or the Recertification Examination.

### Learning Objectives

At the conclusion of this educational activity, the participant should be able to:

- Prepare for either the American Board of Neurology and Psychiatry (ABPN) Board Examination in Neurology or the Recertification Examination.
- Discuss topics in neurology basic science, including neuroanatomy, neuropathology and neurochemistry.
- Discuss common and new topics in clinical adult neurology, including neurovascular, movement disorders, sleep, headache, epilepsy, neuromuscular, neuro-immunology, neuro-infectious disease and behavioral neurology

**REGISTER ONLINE**

### Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical

Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### Designation of Credit

**Physicians:** Penn Medicine designates this live activity for a maximum of 47.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## THE PENN NEUROLOGY BOARD REVIEW

### Pre-recorded Didactic Lectures Available!

We understand that preparing for the boards means spending many hours studying and reviewing. In an effort to provide our attendees with the comprehensive review needed to study for the boards within their own busy schedule, about 47 hours of pre-recorded video lectures are included in the course registration fee and are available online until December 31, 2026. In addition to 47 hours of didactic lectures, there are an additional 5 hours of pre-recorded case-based discussions with multiple choice questions with 5 answer choices just like the ABPN examination. Attendees will be able to use these case-based sessions to assess their knowledge and then listen to a discussion about the reasoning behind the correct and incorrect answers. This will allow our attendees to review and study the videos at their own pace. The full list of pre-recorded lectures is listed on the agenda.

## ADDITIONAL SELF STUDY OPTIONS

There is an option to purchase additional questions for self study. These questions are received via email, or to your mobile device, three times per week beginning when you register to more continuously prepare you for the American Board of Psychiatry and Neurology Examination. Utilization of this technology has been shown to increase scores on National Board of Medicine examinations. For an additional fee, all preregistered, paid attendees can choose these options below:

- **Option 1:** Mock Exam 2026 (300 questions)
- **Option 2:** Mock exam 2026, plus 700+ questions that includes 4 board-style questions to your mobile device every other day, and additional mock exam style questions.
- **Option 3:** Extended Access to materials. Access extended through February 5, 2027

Please note: All materials will be made available to you electronically through your UPenn Cloud CME profile when you register and pay for the board review and select your additional options.

Once you register for the *Annual Neurology Board Review* you will have immediate access to the pre-recorded content and mock exams (if applicable). Please visit <https://upenn.cloud-cme.com/NBR2026> for additional information and pricing.
