## Kidney, Pancreas, Kidney Living Donor Transplant Program M&M Conference

**Kidney, Pancreas, Kidney Living Donor Transplant Program M&M Conference 2025-2026 - 5/20/2026**

**May 20, 2026**

**3:00 PM - 4:00 PM**

### Target Audience

This program has been designed for SURGERY, INTERNAL MEDICINE - Nephrology

### Series Educational Objectives

After participating in this regularly scheduled series, participants should be able to:

- 1 Define roles and responsibilities for the growing Kidney Living Donor Transplant Program
- 2 Discuss and identify root cause of graft failure, return to operating room related to transplant/living donor surgical procedure, medical or psychosocial complications related to transplant/living donation, and death and develop improvements
- 3 Discuss care that was provided to kidney or pancreas candidates/recipients or living kidney donors and identify opportunities for change in practice related to pre, peri, or post operative management.

### Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships (RFRs) that they have with any ineligible company, which is defined as any company whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Disclosure to learners includes all RFRs for all those in control of content including faculty, planners, moderators, and reviewers.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are evidence-based, are based on valid content, and are independent of control from ineligible companies and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain any financial relationships. Part of the peer review process involved reviewing the content, determining which financial relationships were relevant, and applying appropriate mitigation strategies. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no financial relationships with any ineligible companies. Any peer reviewer who is determined to have a relevant financial relationship must recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Nature of Relationship(s) / Name of Ineligible Company(s)
Samir Abu-Gazala, MD	Other Planning Committee Member	Nothing to disclose - 06/27/2025
Melissa Bleicher, MD	Other Planning Committee Member	Nothing to disclose - 04/13/2026

Mary Williams, DNP	Co-Director	Nothing to disclose - 08/05/2025

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
