Epilepsy Surgical Case Conference 2018-2020

Epilepsy Surgical Case Conference 2018-2020 - 12/12/2019

December 12, 2019

4:00 PM - 5:00 PM

Heart and Vascular conference room (2-206E), PCAM 2nd floor, East Pavilion

Target Audience

This program has been designed for Neurology, Neurological Surgery, Surgery, Psychiatry And Neurology - Epilepsy, Radiology - Neuroradiology

Series Educational Objectives

After participating in this regularly scheduled series, participants should be able to:

- 1 Review the best evidence available to make a determination whether or not to recommend surgical options of resection or laser ablation.
- 2 Review best evidence available to determine if VNS or RNS implantation is appropriate.
- 3 Assess the medication therapy of patients and develop an alternative plan where safety, cost and efficacy support a change.

Session Educational Objectives

After completing this educational activity, participants should be able to:

- 1 Review the best evidence available to make a determination whether or not to recommend surgical options of resection or laser ablation.
- 2 Review best evidence available to determine if VNS or RNS implantation is appropriate.
- 3 Assess the medication therapy of patients and develop an alternative plan where safety, cost and efficacy support a change.

Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

PAs: AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. PAs may receive a maximum of **1.00** Category 1 credits for completing this activity.

Approved for (PSRM) patient safety/risk management designation

Acknowledgement of Commercial Support*

None

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain relationships that created a conflict of interest relevant to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity. Any peer reviewer with a potential conflict of interest will recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Name of commercial interest/Nature of relationship
Ruth Krieger, JD	Activity Administrator	Nothing to disclose
Kathryn Davis, MD	Course Director	Consultant-UCB-epilepsy Grants/Research Support Recipient-Eisai, Inc.-epilepsy Advisor or Review Panel Member-Lundbeck-epilepsy
Brian Litt, MD	Course Director	Stock Shareholder (excluding mutual funds)-Blackfynn, Inc.-Data Analytics Grants/Research Support Recipient-UCB Pharma-Antiepileptic drugs Consultant-Panaxiom-Implantable electronics Stock Shareholder (excluding mutual funds)-NeuroPace-Epilepsy and Brain Stimulation Stock Shareholder (excluding mutual funds)-MC10-Flexible electronics, monitoring Stock Shareholder (excluding mutual funds)-EpilepsyCo-Epilepsy monitoring devices/ therapy
Jason Pariser, MSN	Nurse Planner	Nothing to disclose
Danielle Becker, MD	Other Planning Committee Member	Speaker-Neuropace-Device for treatment of epilepsy

Timothy Lucas, MD, PhD	Other Planning Committee	Nothing to disclose

	Member	
Fadi Mikhail, MD	Other Planning Committee Member	Nothing to disclose
Jay Pathmanathan, MD, PhD	Other Planning Committee Member	Consultant-UNEEG-EEG device development
Erin Conrad, MD	Faculty	Nothing to disclose

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
