Target Audience
This program has been designed for Internal Medicine - Adolescent Medicine, Internal Medicine - Clinical Cardiac Electrophysiology, Internal Medicine - Advanced Heart Failure And Transplant Cardiology, Internal Medicine - Hematology, Internal Medicine - Interventional Cardiology, Internal Medicine - Medical Oncology, Internal Medicine - Pulmonary Disease, Internal Medicine - Rheumatology, Internal Medicine - Sports Medicine, Internal Medicine - Endocrinology, Diabetes And Metabolism, Internal Medicine - Gastroenterology, Internal Medicine, Internal Medicine - Geriatric Medicine, Internal Medicine - Infectious Disease, Internal Medicine - Nephrology, Internal Medicine - Adult Congenital Heart Disease, Internal Medicine - Cardiovascular Disease, Internal Medicine - Transplant Hepatology, Internal Medicine - Critical Care Medicine, Internal Medicine - Sleep Medicine, Internal Medicine - Hospice And Palliative Medicine

Series Educational Objectives
After participating in this regularly scheduled series, participants should be able to:
1. Discuss the utility of Patient Safety Net, which cases to file, what information to include and have confidence in the system’s response to entries. Event reporting will increase.
2. Demonstrate increased knowledge of the Root Cause Analyses process, especially how countermeasures are developed and how the department plans to implement them. Understanding will be reassessed at follow-up meetings.
3. Demonstrate increased knowledge of safety science principles to employ daily in their work (i.e., Just Culture) but also have exposure to difficult cases encountered by colleagues.

Session Educational Objectives
After completing this educational activity, participants should be able to:
1. Discuss the utility of Patient Safety Net, which cases to file, what information to include and have confidence in the system’s response to entries. Event reporting will increase.
2. Demonstrate increased knowledge of the Root Cause Analysis process, especially how countermeasures are developed and how the department plans to implement them. Understanding will be reassessed at follow-up meetings.
3. Demonstrate increased knowledge of safety science principles to employ daily in their work (i.e., Just Culture) but also have exposure to difficult cases encountered by colleagues.

Accreditation
In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit

Physicians: Penn Medicine designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: This activity is not approved for nursing contact hours

Pharmacists: This activity is not approved for pharmacy contact hours

PAs: AAPA accepts certificates of participation for educational activities certified for **AMA PRA Category 1 Credit™** from organizations accredited by ACCME or a recognized state medical society. PAs may receive a maximum of **1.00** Category 1 credits for completing this activity.

Approved for (PSRM) patient safety/risk management designation

Acknowledgement of Commercial Support*

None
Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain relationships that created a conflict of interest relevant to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), Anna Delaney, MBA Chief Administrative Officer Director, Curriculum Office Academic Programs, Zalman Agus, MD, Senior Peer Reviewer and Patricia A. Smith, DNP, RN-BC, Penn IPCE Lead Nurse Planner have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity.

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected.
