Surgery Morbidity and Mortality Case Conference 2018-2020

Surgery Morbidity and Mortality Case Conference 2018-2020 - 12/12/2019

December 12, 2019

7:00 AM - 8:00 AM

Flyers/76ers Surgery Theatre, White Building, HUP

Target Audience

This program has been designed for Surgery

Series Educational Objectives

After participating in this regularly scheduled series, participants should be able to:

- 1 Participate as a member of the interprofessional team in the peer review process for surgery as required by accrediting entities; describe new trends and therapeutic modalities in surgery today.
- 2 Identify as a member of the interprofessional team alternate methods in which complications can be intervened to avoid future problems/errors.
- 3 Discuss and recognize surgical complications, the associated pathophysiology, and the management therefore, including medico-legal ramifications

Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain relationships that created a conflict of interest relevant to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity. Any peer reviewer with a potential conflict of interest will recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Name of commercial interest/Nature of relationship
Andrea Brumbach, B.B.A	Activity Coordinator	Nothing to disclose
Ronald Dematteo, MD	Course Director	Grants/Research Support Recipient-Blueprint Medicines-sarcoma
Jon Morris, MD-FCBC	Course Director	Nothing to disclose
Jenny Lynn, None	Nurse Planner	Nothing to disclose
Douglas Fraker, MD	Faculty	Nothing to disclose

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
