PPMC Cardiology Grand Rounds 2018-2020 HAIs: Current State, Looming Threats, Future Prospects for Prevention
October 17, 2019
7:30 AM - 8:30 AM

Target Audience
This program has been designed for Internal Medicine - Clinical Cardiac Electrophysiology, Internal Medicine - Advanced Heart Failure And Transplant Cardiology, Internal Medicine, Internal Medicine - Adult Congenital Heart Disease, Internal Medicine - Cardiovascular Disease

Series Educational Objectives
After participating in this regularly scheduled series, participants should be able to:
1 Improve knowledge and competency related to cutting edge techniques in cardiology, recent research and changes in clinical care
2 Discuss with the healthcare team; risks and benefits of interventions and safety
3 Review current guidelines (AHA/ACC) to maximize patient outcomes

Session Educational Objectives
After completing this educational activity, participants should be able to:
1 Demonstrate knowledge of rates of CLA-BSIs, CA-UTI and C. difficile infections for both the organization and the Cardiology/CVS Service Line
2 Identify specific tools to implement that can prevent common HAIs
3 Discuss current antimicrobial prescribing patterns and how antibiotic overuse leads to emergence of resistant bacteria

Accreditation
In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit
Physicians: Penn Medicine designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: This activity is for 1.00 contact hours.

Pharmacists: This activity is not approved for pharmacy contact hours

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain relationships that created a conflict of interest relevant to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity. Any peer reviewer with a potential conflict of interest will recuse themselves from the peer review process.

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected.
