Pulmonary and Critical Care Summer Lecture Series 2018-2020

Pulmonary and Critical Care Summer Lecture Series 2018-2020 - Sepsis

July 9, 2020

8:00 AM - 9:00 AM

VIRTUAL SESSION

Target Audience

This program has been designed for Allergy And Immunology, Internal Medicine - Pulmonary Disease, Internal Medicine, Internal Medicine - Critical Care Medicine, Pediatrics - Pediatric Pulmonology

Series Educational Objectives

After participating in this regularly scheduled series, participants should be able to:

- 1 Initiate appropriate mechanical ventilator settings for a patient with acute respiratory failure.
- 2 Appropriately order and interpret pulmonary function tests for an outpatient.
- 3 Assess an asthmatic patient for level of control and adjust medications accordingly.
- 4 These objectives are designed to be applicable to all members of the multi-disciplinary team including physicians, RTs, nurses and advanced practice providers.

Session Educational Objectives

After completing this educational activity, participants should be able to:

- 1 Review the evolving approach to defining and diagnosing sepsis
- 2 Identify current best practices in the management of patients with sepsis, including guidelines around antibiotics, fluid resuscitation, and other adjunctive therapies

Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit

Physicians: Penn Medicine designates this live activity for a maximum of **1.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: This activity is for **1.00** contact hours.

Pharmacists: This activity is not approved for pharmacy contact hours

PAs: AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. PAs may receive a maximum of **1.00** Category 1 credits for completing this activity.

Acknowledgement of Commercial Support*

None

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships that they have with any commercial interest that provide products or services that may be relevant to the content of this continuing education activity. For this purpose, we consider relationships of the person involved to include financial relationships of a spouse or partner.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are based on valid content, and are independent of control from commercial interests and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain relationships that created a conflict of interest relevant to the topic of their presentation. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no relevant financial relationships with any commercial interests related to the content of this educational activity. Any peer reviewer with a potential conflict of interest will recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Name of commercial interest/Nature of relationship
Melissa Englehardt, none	Activity Coordinator	No Disclosure
Maryl Kreider, MD	Course Director	Site PI for clinical trial-Galapagos-IPF therapy
Joan Hoch Kinniry, CRNP RN	Nurse Planner	Nothing to disclose
Meeta Kerlin, MSCE	Other Planning Committee Member	Nothing to disclose
George Anesi, MD	Faculty	Nothing to disclose

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
