Melanoma and Cutaneous Malignancy Tumor Board 2025-2026 - 4/2/2025

April 2, 2025

12:00 PM - 1:00 PM

PCAM South Tower Room 10-124

Target Audience

This program has been designed for DERMATOLOGY, DIAGNOSTIC RADIOLOGY, INTERNAL MEDICINE - Medical Oncology, PLASTIC SURGERY, RADIATION ONCOLOGY, OTOLARYNGOLOGY, DERMATOLOGY - Dermatopathology, MEDICAL GENETICS AND GENOMICS - Molecular Genetic Pathology, OBSTETRICS AND GYNECOLOGY - Gynecologic Oncology, PATHOLOGY - Dermatopathology, SURGERY - Complex General Surgical Oncology

Series Educational Objectives

After participating in this regularly scheduled series, participants should be able to:

- 1 Discuss a multidisciplinary approach to care for patients with melanoma and other cutaneous malignancies.
- 2 Describe how to accurately diagnose, stage, and develop appropriate treatment plans for patients with melanoma and other cutaneous malignancies.
- 3 Discuss treatment plans for patients with melanoma and other cutaneous malignancies using proven standardized methods and consider open investigative clinical trials.
- 4 Describe how to treat patients in a holistic view considering social, psychological, spiritual, and financial barriers.

Accreditation

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit

Physicians: Penn Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*[™].

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC: up to 1 MOC points

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1 MOC point(s) in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

ABS CC: Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME of the American Board of Surgery's Continuous Certification program. It is the CME activity provider's responsibility to submit learner completion information to the ACCME for the purpose of granting ABS credit.

ABPath MOC: up to 1 MOC points

Successful completion of this CME activity, which includes participation in the evaluation component, enables the learner to earn credit toward the CME of the American Board of Surgery's Continuous Certification program. It is

the CME activity provider's responsibility to submit learner completion information to the ACCME for the purpose of granting ABS credit.

Nurses: This activity is for **1.00** contact hours.

Pharmacists: This activity is not approved for pharmacy contact hours

PAs: Penn Medicine has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria.

This activity is designated for **1.00** AAPA Category 1 CME credit(s). PAs should only claim credit commensurate with the extent of their participation.

Approved for (PSRM) patient safety/risk management designation

Acknowledgement of Commercial Support*

None

Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships (RFRs) that they have with any ineligible company, which is defined as any company whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Disclosure to learners includes all RFRs for all those in control of content including faculty, planners, moderators, and reviewers.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are evidence-based, are based on valid content, and are independent of control from ineligible companies and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain any financial relationships. Part of the peer review process involved reviewing the content, determining which financial relationships were relevant, and applying appropriate mitigation strategies. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no financial relationships with any ineligible companies. Any peer reviewer who is determined to have a relevant financial relationship must recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Nature of Relationship(s) / Name of Ineligible Company(s)

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
