

**The Active HIV Reservoir as a Therapeutic Target to Achieve HIV Remission HIV Grand Rounds from the  
University of Pennsylvania School of Medicine 2025-2026 - 10/2/2025**

**October 2, 2025**

**12:00 PM - 1:00 PM**

**Target Audience**

This program has been designed for FAMILY MEDICINE, PSYCHIATRY, PUBLIC HEALTH AND GENERAL PREVENTIVE MEDICINE, INTERNAL MEDICINE, INTERNAL MEDICINE - Infectious Disease, ALL SPECIALTIES

**Series Educational Objectives**

After participating in this regularly scheduled series, participants should be able to:

- 1 Describe how to apply in clinical practice approaches for preventing HIV infection and getting newly diagnosed patients rapidly into care
- 1 Describe how to manage various patient populations, such as the aging patient with HIV infection, including issues associated with cardiovascular and bone disease, PWIDs, and underserved populations
- 2 Discuss the basic science concepts involved with HIV and be able to apply those concepts to HIV therapeutics, epidemiology, and other issues involved in HIV patientcare and HIV prevention
- 2 Discuss how to individualize ARV therapy for the treatment-naïve and treatment experienced patients to support adherence and patient satisfaction

**Session Educational Objectives**

After completing this educational activity, participants should be able to:

- 1 Discuss how the HIV reservoir, the main target for HIV cure, includes infected cells that are actively transcribing HIV
- 1 Describe how silencing this active reservoir can be an effective approach to achieve HIV remission

**Accreditation**

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Designation of Credit**

**Physicians:** Penn Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Nurses:** This activity is not approved for nursing contact hours

**Pharmacists:** This activity is not approved for pharmacy contact hours

**PAs:** AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit*<sup>™</sup> from organizations accredited by ACCME or a recognized state medical society. PAs may receive a maximum of **1.00** Category 1 credits for completing this activity.

**Acknowledgement of Commercial Support\*** ViiV Healthcare, Merck Sharp & Dohme LLC.

### Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships(RFRs) that they have with any ineligible company, which is defined as any company whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Disclosure to learners includes all RFRs for all those in control of content including faculty, planners, moderators, and reviewers.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are evidence-based, are based on valid content, and are independent of control from ineligible companies and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain any financial relationships. Part of the peer review process involved reviewing the content, determining which financial relationships were relevant, and applying appropriate mitigation strategies. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no financial relationships with any ineligible companies. Any peer reviewer who is determined to have a relevant financial relationship must recuse themselves from the peer review process.

| Name of individual | Individual's role in activity   | Nature of Relationship(s) / Name of Ineligible Company(s)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
