

**Ambulatory Practice Grand Rounds 2025-2026: HPV Vaccine**

**July 15, 2025**

**12:00 PM - 1:00 PM**

**Target Audience**

This program has been designed for FAMILY MEDICINE, OBSTETRICS AND GYNECOLOGY, INTERNAL MEDICINE

**Series Educational Objectives**

After participating in this regularly scheduled series, participants should be able to:

1 Discuss common conditions seen in ambulatory care practices. This includes common and uncommon presentations, emergency presentations, and disease management.

2 Describe the most up to date medications used to manage common conditions seen in ambulatory medicine.

3 Discuss how the interdisciplinary care team can partner to improve outcomes for commonly seen conditions in ambulatory practices.

**Session Educational Objectives**

After completing this educational activity, participants should be able to:

1 Discuss the prevalence, risks, and long-term health consequences associated with Human Papillomavirus (HPV) infections

2 Describe insights into the effectiveness of the HPV 9-valent vaccine in preventing HPV-related cancers and other health complications

3 Discuss practical approaches and techniques to improve HPV vaccination rates among patients, including addressing common barriers and promoting vaccine uptake

**Accreditation**

In support of improving patient care, Penn Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Designation of Credit**

**Physicians:** This activity is not approved for *AMA PRA Category 1 Credit™*.

**Nurses:** This activity is for **1.00** contact hours.

**Pharmacists:** This activity is approved for **1.00** contact hours

UAN Number: JA0000324-0000-25-027-L04-P

### Disclosure of Relevant Financial Relationships and Unapproved Uses of Products

It is policy at Penn Medicine Office of Continuing Medical and Interprofessional Education for individuals who are in a position to control the content of an educational activity to disclose to the learners all relevant financial relationships (RFRs) that they have with any ineligible company, which is defined as any company whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Disclosure to learners includes all RFRs for all those in control of content including faculty, planners, moderators, and reviewers.

The intent of this policy is to ensure that Penn CME/CE certified activities promote quality and safety, are effective in improving medical practice, are evidence-based, are based on valid content, and are independent of control from ineligible companies and free of commercial bias. Peer review of all content was conducted for all faculty presentations whose disclosure information was found to contain any financial relationships. Part of the peer review process involved reviewing the content, determining which financial relationships were relevant, and applying appropriate mitigation strategies. In addition, all faculty were instructed to provide balanced, scientifically rigorous and evidence-based presentations.

The staff in the Office of Continuing Medical and Interprofessional Education (CME and IPCE), have disclosed that they have no financial relationships with any ineligible companies. Any peer reviewer who is determined to have a relevant financial relationship must recuse themselves from the peer review process.

Name of individual	Individual's role in activity	Nature of Relationship(s) / Name of Ineligible Company(s)
Catherine Baglieri, CRNP	Co-Director	Nothing to disclose - 01/14/2025

Diana Hollup, RN, BSN	Nurse Planner	Nothing to disclose - 01/14/2025
Abigail Hasson, RN, BSN	Nurse Planner	Nothing to disclose - 01/14/2025

Relevant financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected
