

**Bridging the Gap: A Clinical Genetic Counselor's Guide to Molecular Diagnostics and
Variant Interpretation**
Instructions for completing the modules and earning NSGC Credits

Participants must complete all of the following steps in order to earn NSGC credits

1. Register for the activity
2. Access and complete the pre-test
 - a. **The video modules (Launch Content) cannot be accessed until the pre-test is complete**
3. Access the video modules (Launch Content)
 - a. **Videos must be watched in its entirety before you can move onto the next step**
 - b. **Videos cannot be fast forwarded or sped-up**
4. Access and complete the post-test
5. Once the post-test is completed the next pre-test will become available
6. **Repeat steps 2 through 4 for all modules**
7. Once all modules have been completed you will be directed to an evaluation/attestation
8. Complete and submit evaluation/attestation
9. Once all steps above are confirmed complete you will receive an email with links to the individual evaluations on SurveyMonkey for each module. (10 module evaluations, 1 overall evaluation)
10. Once all 11 SurveyMonkey evaluations are confirmed complete you will be eligible to have your information submitted to the NSGC for credits.
 - a. **Submissions to the NSGC will take place on April 1st, July 1st, October 1st, and at the conclusion of the program.**
 - b. The first 250 completers of all the steps indicated above will have their NSGC credit fee waived.
