MESSAGE FROM THE COURSE DIRECTOR

The Scheie Eye Institute at the University of Pennsylvania, Perelman School of Medicine is excited to bring you the 146th Anniversary Meeting in the form of a virtual experience on Saturday, May 30th from 10:00 AM – 5:00 PM.

This meeting will highlight clinical and research activities ongoing at Scheie with many fascinating clinical case studies that will be appealing to practitioners in all disciplines of ophthalmology. The meeting will have the opportunity for live and interactive discussion with the experienced faculty of presenters. There will be two Keynote addresses by Myron Yanoff, MD, who will deliver the 14th David M. Kozart Memorial Lecture, and William B. Trattler, MD, who will be giving the 6th Honored Alumnus address.

I look forward to “seeing” you on May 30, 2020.

Stephen E. Orlin, MD

PROGRAM OVERVIEW & TARGET AUDIENCE

This activity is designed to inform and educate the audience with the most current clinical advances in ophthalmology and highlight on-going research at the Scheie Eye Institute in the fields of glaucoma, anterior segment, retinal diseases, genetics, oculoplastic surgery, neuro-ophthalmology and ocular pathology.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Identify and manage complicated oculoplastic cases in the adult and pediatric age group
- Clarify new methods in the surgical management, diagnosis and treatment of glaucoma
- Discuss new diagnostic modalities and approaches to the management of ocular surface abnormalities and dry eye disease
- Review insights into the diagnosis and management of endophthalmitis
- Discuss ophthalmic manifestations of a variety of systemic drug therapies

Hosting Organization

The *146th Anniversary Meeting* is hosted by the Scheie Eye Institute at the University of Pennsylvania, Perelman School of Medicine
